### AMENDMENT

*In response to the Office Action pertaining to this Application mailed 11/13/2002, please amend the above-identified Application as follows:*

#### Amend the Claims as Follow:

1. (original) An automatically adjustable rear suspension for trike comprising a supply of pressurized gas pneumatically connected to a valve, at least one air spring pneumatically connected to said valve, said air spring being disposed between a trike swing arm and a trike frame, said valve being mechanically attached to said swing arm by means of a valve pushrod.

2. (currently amended) An automatically adjustable rear suspension for trike comprising a supply of pressurized gas pneumatically connected to a valve, at least one air spring pneumatically connected to said valve, said air spring being disposed between a trike swing arm and a trike frame, said valve being mechanically attached to said swing arm by means of a valve pushrod. The  
~~automatically adjustable rear suspension for trike of claim 1 wherein said trike swing arm~~  
comprising [further comprises] at least one L arm, each said L arm comprising an L arm horizontal member rigidly attached to an L arm vertical member, each said air spring being disposed between one said L arm horizontal member and said trike frame.
